

PRIME TIME Family Reading Time®

Preschool Book Inventory

Below are the books that should be used with the PRIME TIME Preschool program. **Preschool Coordinators should have received 7 copies of each listed title.** As the PRIME TIME Preschool Support Manual mentions, books for some of the preschool sessions are the same as those being used in the 6 to 10 year old session. Since Preschool Coordinators do not need to inventory those books, they have not been included on this list.

INSTRUCTIONS: Select the series of books that you received and use the adjacent blank spaces to indicate how many copies of that book you received or are sending to the next site. Please only complete the section of this form that references the series of books you worked with. All other sections should be left blank. Please submit this form along with all preschool books to your program coordinator so that they may be shipped to the next site once the program has ended.
